# CANADIAN CINEMATOGRAPHER

A publication of the Canadian Society of Cinematographers

**FEATURES** – VOLUME 10, NO. 4 **SEPTEMBER 2018**

Fostering cinematography in Canada since 1957. The Canadian Society of Cinematographers was founded by a group of Toronto, Montreal and Ottawa cameramen. Since then over 800 cinematographers and persons in associated occupations have joined the organization.

The CSC provides tangible recognition of the common bonds that link film and digital professionals, from the aspiring student and camera assistant to the news veteran and senior director of photography.

We facilitate the dissemination and exchange of technical information and endeavor to advance the knowledge and status of our members within the industry. As an organization dedicated to furthering technical assistance, we maintain contact with non-partisan groups in our industry but have no political or union affiliation.

The CSC is a not-for-profit organization run by volunteer board members of the society. Thank you to our sponsors for their continued support.
